

STR STABILIZER CASTER

TOTAL SOURCE

FEATURED PRODUCTS

THE NEWEST TECHNOLOGY IN STABILIZER CASTERS

- **SHOCK ABSORBING** - unique poly-block creates a dampening effect, eliminating the use of traditional springs
- **ADJUSTABLE** - coarse and fine adjustments can be made in place, eliminating spacer plates and shims
- **ELIMINATES ROCKING** – the larger 4" O.D. wheel provides for greater stability, easy rolling and a longer work life
- **OEM REPLACEMENT** – designed as a drop-in replacement stabilizer caster for all OEM's
- **LOW COST** – eliminating costly adjustments and downtime, the ST caster is extremely affordable
